

School Council 16/10/26

Meeting 3

Joe B (ill), Woody, Harry K, Rose, Lily P (ill), Jaxon

Next meeting: Friday November 6th 11:30am

Ongoing suggestions:

1. We will raise money for cookers at Brisley this term so we can have a cookery day.

Each class will have a grid similar to this. Each class will sell tickets to raise money for the cookers.

Mr Kerkham will:

- > create a grid per class before Thursday
- > write a message in the newsletter

Children in classes:

- > bring in money from home then
- > sign up on the grid

When all tickets are sold:

- > winners drawn in Celebration Worship

2. Long skipping ropes please. FOBS provided two.
3. Can we replace the broken scooters? We will ask FOBS later in the term if this can be considered

New suggestions:

Tawny Owls

- We are going to Holkham for the Christmas experience, but can we go to the Sealife Centre in the Summer? *Good idea. Maybe if it fits with the topic.*

Snowy Owls

- Can we have swings? *No they are dangerous in a school playground*
- Can we make Christmas Toyboxes for less fortunate children?

Mr Kerkham is doing some research. Rotary Club accepts donations of £30 to make the boxes for you. An alternative is for families to wrap presents and then we deliver to the Salvation Army in Briston and they distribute. Which would children rather do?

Barn Owls

- Can we have a book sale? *We had a book sale quite recently. We could ask FOBS to do the same again for World Book Day. Class council members needed more information as this hadn't been discussed in class council.*

Other thoughts:

Each class should have a brief Class Council meeting weekly in your in-class Collective Worship sessions to keep on top of discussing class ideas.

Pupil Survey

In the survey, one fifth of the children said that some children can be unkind on occasion and one fifth said they sometimes can't talk to teachers when this happens.

What would help you if another child is unkind or if you want to but can't speak to a teacher?

School council said that you can move your name to the red zone and then write the problem down and put it in the worry box or worry monster.

Teachers

> Make sure that your zones check-in area shows the names of the children so you can do a check in

> Provide a worry monster or box so children can write worries if they need to.

Break the Rules Day - Thursday 22nd October

At the end of each half term we have a 'Break the Rules' fundraiser.

There are 5 rules children can break in total and they are:

1. Hair down or hair chalk
2. Change one piece of uniform
3. Have a desk buddy for the day (a mascot that will sit in your hand)
4. Wear 1 piece of jewellery (no hooped earrings)
5. Squash or juice in your water bottle

As always it is 50p per rule and your child will hand in money to teachers - this is a fundraiser for the FOBS.
