

## School Council 8.7.26

Jack N, Edith, Victoria, Harry HP, Oli C, Jaxon

### Aims:

1. Help the FOBS to raise the last £1000 for the climbing frame. Done
2. Start thinking about other things we need in school. Done - teachers have made requests and children have new football goals.
3. Design a rota for the climbing frame. Not needed as everyone shared nicely!

### Ongoing projects:

Tawny Owls and Barn Owls will read together fortnightly in the Summer Term when Snowy Owls are doing Forest Schools. **Can this happen this Friday or next Friday?**

### New suggestions:

#### Barn Owls:

When is Transition Day? July 13th for Brisley... Litcham High School for some Y6 is 13th and 14th July

More Eco Jobs please. Litter pickers are in the shed. Ask at lunch if you want to use them. **Will there be more Eco Jobs Mrs Odell?**

House points - The school council suggested that **we wear red, white and blue on the last day of term to celebrate the progress of the England world cup team**. This will go in the newsletter. This is instead of House Points winners day for this term, as they already have the Sports Day trophy.

Can we use the football pump. Mr Kerkham will leave it with **Miss Clarke on Thursday so Jack Neale and Edith can use it.**

If it is over 30 degrees, can children wear home clothes to keep cool? PE clothes might be possible. **We will ask Mrs Allen what she thinks.**

Can we have a no electricity day if it is really hot? If it is hot, it is a good idea to have no lights and fewer electrical devices on because they add to the heat, but teachers need their computers to show you information more clearly.

Can we have a drawing competition? We discussed having an Autumn Art competition again in the Autumn half term. Children also suggested having a design competition for pumpkin faces for Halloween. The children remembered that we can't have all the children carving pumpkins, but maybe the winning designs could be made. **What does Mrs Allen think?**

Can we have another First Aid day? **We will ask Mrs Odell.**

At the Dinosaur Park, can we wear own clothes? After discussion we decided that **PE clothes** would be a good compromise between temperature appropriate clothes and uniform. Mr Kerkham checked with Mrs Allen and this will happen. A message went home to parents.

### **Snowy Owls**

Can Snowy Owls have a residential trip next year. **Mrs Byrne said she will look into this.** It is the year 3 / 4 turn to have a residential next year (2026 / 2027) because they do one every other year.

Can we have a relaxing day on the last day of term? Yes, school council suggest it should be relaxed with own clothes, bracelet making if that's what you like, film or games. We **suggest discussion with classes** to find out what they would like to do that is relaxing.

Can we extend the bike / trike shed? School council ask: How would we do this? It costs money. Why would we need to do this? - the bikes and trikes fit in there if you pack them away neatly.

Can we have a pool on the field? Wouldn't that be lovely. The school council asks if Snowy Owls have thought about the cost of making a pool, the specialist staffing needed and the cost of upkeep.

### **Tawny Owls**

Lots of suggestions but they were all things that were dealt with in class at class council meetings

Larry is with Tawny Owls until September. **Please write his diary for him.**

**Next meeting - September 17th 2:30pm**
