

School Council 24.2.26

Jack C, Harrison, Hugo G, Phoebe, Elsie, Rico

Aim - Organise a sponsored run for the new climbing equipment.

Key - Black writing in information, green writing is an action for class councils, red is actions for adults

Past Suggestions

Larry's Diary was read and passed on to Barn Owls. Do diary for Larry occasionally.

This term's sport with Rudham is football for Year 2 and 3s and is on Friday 6th March. Those chosen should join in with football at lunchtimes.

We have raised £180 for a new football goal from last term. We need another £60. We have smartie tubes (provided by FOBs) and will send these home to children to collect coins inside. We will do this after the Cadbury's World Trip at the end of March.

Tawny Owls and Barn Owls will read together fortnightly on a Friday afternoon. Miss Buxton and Miss Clarke should arrange this for Friday 6th if possible.

School council collected their homemade badges. Mr Kerkham will add a thank you in the newsletter to Mrs Angotsi for making them.

What would the school council like to achieve this term? Raise money from a sponsored run for the new climbing equipment project. This will be the 23rd March in your PE lesson. You will get more information and sponsor forms on 13th March.

Can we do a whole school trip? After discussion we thought the Dinosaur Park would be a good option. Mr Kerkham will talk to Mrs Allen to see if this is possible.

New Suggestions

All classes said how much they loved the disco. They thought the DJ was excellent and played great games. They said the bright lights were memorable and hope that there will be another disco.

Barn Owls

- Can we have 3 fundraisers each term? This half term alone we will have 3: the Break the Rules day, the Smarties tubes and the Sponsored Run.
- When is the sponsored run? 23rd March in your PE lesson
- Can we have a beech day? Class trips are for the class teacher to arrange.
- Will all classes be doing bake sales? Mr Kerkham will ask FOBs if they have plans for bake sales or frozen Fridays. Rico suggested they use the hall if it's raining.

- Can we have lines on the field? Mr Kerkham thinks this will happen when the weather is drier. They wash away if we mark them too soon.
- Jack and Harrison to position the goals for football. It's just dry enough but there needs to be space for year 2 and 3s to play in the small goals. If the field needs protecting again we will have to give it another break. It looks like there will be no rain this week.
- The computer club started today. Thanks for signing up.
- When is the teddy raffle? Mrs Byrne please let the school council know.

Snowy Owls

- Can we have an odd sock day to raise awareness for Autism and uniqueness? We have 3 fundraisers this term but it is a good idea and we will do it on National Odd Sock Day (November 10th)
- Can we have Weird Clothes Day? Maybe we can have this as a rule for Break the Rules Day. Please could classes have a few ideas for Break the Rules Day.
- Can we have a story writing competition? It would help people express their feelings; you don't have to enter; could it be a club; could it be homework at Easter? We decided to do this as an optional homework activity over Easter.
- Can we have a drawing competition? There will be an Art competition at the church over the Easter Holidays... more information to follow via the newsletter.
- Will there be an Easter Service at the church with songs? No - there are two visits to school regarding Easter in the next few weeks - one from GenR8 and one from Reverend Robin.
- Can we have a 3 legged race on sports day? Mr Kerkham will suggest this to Rob. If he likes the idea we need to source velcro hoops.
- Can we do a whole day of Spanish? Some children said this would be too aburido. Research shows you have to do a little Spanish every day or every week at least to really learn to speak it.
- Can we have a Science day - not unless we decide to do this as a whole school and we would need to take this to teachers. We are having a Spanish theme for the next Stay and Play. We discussed when would be a good time for this. Children suggested in 3 weeks time. Mr Kerkham thinks the teachers will want to do it after Easter.
- Can we have a Maths day - No you already do it every single day!!!
- Can we have a mixed activity day... Maybe this could be a Science Day. Mr Kerkham will ask the teachers. He did a mixed-class assembly for lent today.

Tawny Owls

- Tawny Owls know there will be a Science theme for the next Stay and Play. They are planning to do a bug hunt. All the more reason to wait for the Spring weather to start waking up the bugs!
- Can we do a picnic at the park? No reason why not. We took children to do a scavenger hunt at the 'Amenity' a few years ago. It is a task for the class teachers to organise this.
- Can we play boys v girls games? This is not a good idea. We should all work together.
- Can we play hide and seek at break? School council said you can play whatever you like at break as long as you stay where you are allowed to go.

Next meeting - Monday 9th March at 11:30am
